SIXTY-DAY NOTICE OF INTENT TO SUE FOR VIOLATION OF
THE SAFE DRINKING WATER
AND TOXIC ENFORCEMENT ACT OF 1986
(Cal. Health & Saf. Code, §§ 25249.5 et seq.) ("Proposition 65")

March 30, 2009

TO: Alan G Lafley, CEO
Proctor & Gamble
The Proctor & Gamble U.S. Business Services Company
P.O. Box 5989
Cincinnati, OH 45201

AND THE PUBLIC PROSECUTORS LISTED ON THE ATTACHED CERTIFICATE OF SERVICE

Re: Consumer Product Exposure to Acrylamide

To Whom It May Concern:

Environmental World Watch, Inc. (the "Noticing Party") serves this Notice of Violation ("Notice") upon Proctor & Gamble and The Proctor & Gamble U.S. Business Services Company (hereinafter "Proctor & Gamble") pursuant to and in compliance with California Health and Safety Code ("H&S Code") §25249.7(d) and 22 California Code of Regulations ("CCR") §12903. This Notice satisfies a prerequisite for Noticing Party to commence an action against Proctor & Gamble to enforce the Safe Drinking Water and Toxic Enforcement Act of 1986. The violations addressed by this Notice occur in every county and city in California. This Notice is being served upon each violator, the California Attorney General, the district attorney of every California County and the city attorney of every California City with a population (according to the most recent decennial census) of over 750,000. If Proctor & Gamble has a current registration with the California Secretary of State that identifies a Chief Executive Officer, President, or General Counsel, this Notice is being addressed to, and served upon, one of those persons.

Attached previously in the original Notice of June 2005 was a copy of "The Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): A Summary. Copies of the Summary are not required to be, and are not being provided here in the AMENDED NOTICE.

Description of the Noticing Party, the Alleged Violator, and the Alleged Violations Addressed by this Notice:

- This Notice is provided by Environmental World Watch, Inc. Environmental World Watch, Inc. (hereinafter "EWW"), is based in Los Angeles and is registered as a Delaware corporation with the office of the California Secretary of State. EWW is acting in the public interest pursuant to H&S Code §25249.7(d), and is dedicated to protecting the environment, improving human health and supporting environmentally sound practices.

60-day Notice of Violation
Consumer Product Exposure to
Acrylamide
March 26, 2009
Page 2

- The violators' names and addresses are: Proctor & Gamble
The Proctor & Gamble U.S.
Business Services Company
P.O. Box 5989
Cincinnati, OH 45201
- The violations addressed by this Notice began on or after January 1, 1991, have occurred on numerous occasions each and every day since January 1, 1991, and are ongoing and continuing.
- This Notice of Violation covers the "warning provision" of Proposition 65, which is found at H&S Code §25249.6.
- The name of each chemical that is listed pursuant to the Safe Drinking Water and Toxic Enforcement Act of 1986 involved in the violations addressed by this Notice is Acrylamide; (the "Listed Chemical"). The Listed Chemical is listed (and has been so listed for more than twelve months) by the Governor of the State of California as being a chemical known to the State of California to cause cancer or reproductive toxicity, or both cancer and reproductive toxicity. See Exhibit B attached hereto.
- The route of exposure for the violations addressed by this Notice is ingestion. There is also a danger of a dermal exposure while preparing the product for consumption.
- Proctor & Gamble caused consumer product exposures by producing, causing to be packaged and selling or allowing distribution of the product likeness. The type of consumer products causing the exposures addressed by this Notice are snack chips, including but not limited to, the following illustrative products:

TABLE A

Original Pringles;

Sour Cream & Onion Pringles,

Jalapeno Pringles,

Prints Pringles,

White Cheddar Pringles,

Chili Cheese Pringles,

Pizzalicious Pringles,

Cheezums Pringles,
Ranch Pringles,
Spicy Cajun Pringles,
Fiery Hot Pringles,
Barbecue Pringles,
Salt & Vinegar Pringles,
Reduced Fat Pringles, and
Snack Stacks Pringles.

- These products contain Acrylamide. When consumers ate these Proctor & Gamble products they became exposed to Acrylamide in excess of the OEHHA NSRL of .2 ug-day.
- Accordingly, in the course of doing business, Proctor & Gamble, which on information and belief EWW asserts has ten or more employees, has knowingly and intentionally exposed, and continues to expose, individuals to Acrylamide without first providing clear and reasonable warnings, in violation of Proposition 65. Therefore, since Acrylamide is a chemical known under Proposition 65 to cause cancer, Proctor & Gamble was and is required to provide clear and reasonable warnings to all consumers of Pringles Chips. The warnings must state, at a minimum that "Pringles Chips contain chemicals known to the State of California to cause cancer" or such similar language approved at the time of Consent Judgment by the court. Previous acknowledgments or concurrences with Proctor & Gamble representatives or counsel by regulatory agencies or agents that purport to represent regulatory agencies are no waiver of statutory obligations to warn in conformity and at levels consistent with Ca. law. EWW has standing to reassert these alleged violations and once again complains by way of AMENDED NOTICES as the original Plaintiff, under the authority of Health and Safety Code 25249.7 (d) *et seq.* on behalf of the People of The state of California.
- There are numerous sources of the exposures addressed in this Notice. These exposures occur in homes, the workplace and everywhere else in California where these products are consumed. These exposures occur principally off the property of the Noticed Company.
- In the course of doing business, Proctor & Gamble has knowingly and intentionally exposed, and continues to expose, individuals (especially pregnant and post-partum women) to the Listed Chemical. No clear and reasonable warning is or has been provided by Proctor & Gamble to individuals regarding exposure to the Listed Chemical or regarding the fact that the Listed Chemical is known to the State of California to be a carcinogen, reproductive toxicant, or both a carcinogen and reproductive toxicant.

- These exposures have gone on from 1991 and are ongoing and continuing as EWW believes and so alleges that Proctor & Gamble has tolled the statute of limitations by fraudulent concealment of the constituents of the ingredients in their products from those persons that required warning in the stores where Proctor & Gamble products are sold for consumer consumption in California. The labels on these products are further absent any warning that would meet the definition delineated at Title 22 CCR §12601(b)(1)(A), nor do they comply with section (b)(3) and (b)(4)(B) of that regulation.
- The carcinogen, contained in the ingredients of the products, and subject to the warning requirements of H&S Code §25249.6 and more specifically 22 CCR §12601(b) *et seq.* are listed below:

1. Acrylamide

- The aforementioned carcinogen is on the Governor's list (Prop 65 List) as expressed at 22 CCR §12000. These chemicals are known to the State of California to cause carcinogenic harm to humans requiring special warning labels and care in handling and use. The concentrations of these toxins in the subject consumer food product exceed the No Significant Risk Level ("NSRL") threshold of 0.2 microgram per day and require a warning of the existence of this chemical danger by the manufacture.
- The principal route of exposure is through a "consumer products exposure" via ingestion and inhalation. There is a further danger of contacting these carcinogens via a dermal exposure while using the food product as intended by the manufacture. These exposures have gone on since January 1 1991, and are ongoing and continuing at every place in California that the products listed in TABLE A are offered for sale and consumption. All references to "exposure" in this notice shall be understood to be exposures to the specific product lines in said TABLE and the ingredients of those products. The sale of these products constitutes a transfer of a known carcinogenic chemical into the populous and the normal consumption of the product by the purchaser or others will cause the exposure without a clear and reasonable warning.
- The location of these alleged exposures are many and varied while occurring within the 58 counties of the state of California as evidenced by the District Attorneys addressed in the enclosed distribution list. EWW believes and so alleges that at least one of the jurisdictions identified had Proctor & Gamble products sold within that county by a Proctor & Gamble Proctor & Gamble retail distributor and that sale caused the utilization of the consumer food product and subsequent exposure. Further that usage caused exposures in that jurisdiction to the constituents of the consumer food product as identified herein, and those exposures by Proctor & Gamble were allowed to take place without the prerequisite warnings as delineated by the applicable statutes specified in this notice.

CERTIFICATE OF MERIT
HEALTH AND SAFETY CODE SECTION 25249.7(d)

• **ACRYLAMIDE**

NOTICED PARTY:
Proctor & Gamble
The Proctor & Gamble U.S. Business Services Company

I, **MATTHEW E. JACKSON**, on behalf of Environmental World Watch, Inc., hereby declare:

1. This Certificate of Merit accompanies the attached sixty-day notice(s) in which it is alleged that the parties identified in the notices have violated California Health and Safety Code section 25249.6 by failing to provide clear and reasonable warnings.

2. I am the attorney for the noticing party.

3. I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the exposure to the listed chemical(s) that is the subject of this action.

4. Based upon the information obtained through those consultations, and all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for private action" means that the information provides a credible basis that all the elements of the plaintiffs' case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.

5. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health and safety Code section 24249.7(h)(2), i.e., (1) the identity of the person consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Date: March 30, 2009

Signed by:

Matthew E. Jackson

CERTIFICATE OF SERVICE

I am over the age of 18 and not a party to this case. I am a resident of or employed in the county where the mailing occurred. My business address is 4821 Lankershim Blvd Ste 239, NH 91601.

On March 30, 2009 I served copies of the documents listed immediately hereafter by first class mail by placing same in sealed envelopes, fully preparing postage thereon, and depositing said envelopes in the U.S. Mail at Los Angeles, California. Said envelopes were addressed as follows:

SEE ATTACHED DISTRIBUTION LIST

(sent via certified mail with applicable postage to those parties listed with an asterisk)

Documents mailed:

1. **NOTICE OF VIOLATION OF THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (California Health and Safety Code §25249.5 et seq.)**
